EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Susan Tandan on February 3, 2004.

2. The application has been amended as follows:

Cancel claims 1-11, 16-18 and 20.

Amend claim 12, part 3): delete "position 1368" and substitute therefor - - -a position corresponding to position 1368 of SEQ ID No. 1 - - -.

Add the following new claim:

21. The method of claim 12 wherein the mutated laminin γ 2-encoding nucleic acid has a cytosine insert at position 1368 of SEQ ID No. 1.

3. The following is an examiner's statement of reasons for allowance: Tryggvason et al. do not teach the mutation at position 1368 of SEQ ID No. 1 as diagnostic of epidermolysis bullosa; they teach other mutations instead. The language "a position corresponding to position 1368 of SEQ ID No. 1" in claim 1 is intended to encompass sequences not exactly identical to SEQ ID No. 1 that still encode laminin γ 2 within the

scope of the claims. This recognizes the fact that different animals have differing sequences of proteins and DNA that still exhibit the corresponding functions; an example of this is an allelic variant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Robert A. Wax whose telephone number is (571) 272-0623. The examiner can normally be reached on Monday through Friday, between 9:00 AM and 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christopher S. F. Low can be reached on (571) 272-0951. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
